About Me

A motivated and detail-oriented Front-End Developer with experience in HTML, CSS, JavaScript, and Bootstrap. Skilled at creating responsive, user-friendly web applications and committed to delivering high-quality projects. Looking to leverage my skills to build innovative websites and applications.

Projects

- **Personal Portfolio Website:** Developed a responsive website to showcase skills and projects

- **Quiz Application:** Developed a dynamic quiz app allowing users to answer questions and receive feedback.

- **Spicy Palace Restaurant Website:** Developed a restaurant website showcasing menu items and contact information.

- **Fashion Finds E-commerce Website:** Developed an e-commerce platform to explore the latest fashion trends, showcasing a range of fashionable dresses.

- **JavaScript To-Do List App:** Developed a to-do list application with features like task creation, editing, and deletion.

- **Guess the Number Game:** Developed a number guessing game .

Achievements

- Successfully completed "Overview of English Language Communication Assessment and Certification" under the Naan Mudhalvan Program.

- Earned Python Certification from Quality Thought.

- Completed Web Frontend Development certification from Just Rise Technologies Pvt Ltd.

- Developed and deployed multiple web projects, demonstrating proficiency in HTML, CSS, JavaScript, and Bootstrap.
